DECORA GROUP

Arbiton
FLOOR EXPERT

Innovation, quality and know-how. Since 1994 we've been investing in knowledge, technology and our machinery park.

WE **CREATE**
WE **TEST**
WE **PRODUCE**

We aim to become market
LEADER wherever we are
present. We are pushing
forward and strive for
more to deliver accessories
perfectly matched to the
products.

DESIGN

Every year A.DESIGN STUDIO analyzes trends, changes in consumer preferences and hundreds of new floor colors. That's why we can create customer orientated solutions and stay relevant.

TECHNOLOGY

Our inhouse laboratory is testing hundreds of floors from all major manufacturers to improve our accessories and create functional floor system. That's why, we know the strongest and weakest points of all types of floors. We are also testing our underlays to deliver top quality solutions for different floor types.

INNOVATION

We are a European leader for production of floor accessories. Our technological development allows us to offer great portfolio of products in various technologies.

ESSENTIAL ACCESSORIES **FOR A PERFECT FINISH**

We offer a range of installation accessories designed to ensure precision, durability, and ease of use. These include inner and outer corner profiles as well as finishing profiles, each tailored to meet the demands of both residential and commercial spaces.

Profiles simplify the installation process, allowing for adjustments during setup, covering edge imperfections, and protecting corners from water infiltration and wear. By combining functionality with design, these accessories not only enhance the practicality of your walls but also ensure a clean, polished, and professional look.

FOUR GROUPS OF PROFILES TO ANSWER DIFFERENT PURPOSES

DILATATION PROFILES

FLOOR AT THE SAME LEVEL

They are used to connect floors at the same level. You can connect with them any type of floor, e.g. vinyl click floors with a ceramic tiles. A wide range of colors allows you to match color to any floors. You can also choose a profile in silver or titanium.

LEVELING PROFILES

FLOORS AT DIFFERENT LEVELS

They are used to connect floors with different level. The differences are usually small, several millimetres, however, to aesthetically eliminate them it is necessary to choose the right profile.

SYMBOLS

MAX DILATATION: __MM

This information shows maximum gap between floors, that particular profile can cover. For floor dilatation – look floor producers recommendations.

SUPER FLAT

From designer's point of view, best profile is the flattest and smoothest one. Arbiton delivers new, extra flat solution, perfect even for the most demanding clients.

MAX LEVELING: __MM

This information shows maximum height difference between floors, that particular profile can cover. When calculating the height, always count the whole flooring system – floor + underlay/glue.

SILICONE BARRIER

Silicone layer added to all Arbiton screw fix profiles, to protect against dirt getting under the profile.

FINISHING PROFILES

They are used to finish the floors, mask the dilatation gap, in places where it is not covered eg by skirting board. Ideal to finish the floor next to balcony doors or entrances.

STAIRS PROFILES

They are used to finish the edges of stairs. Some profiles of this type have an additional layer non-slip layer to ensure additional walking safety.

PROFI SOLUTION

Profiles for the most demanding clients. Professional assembly systems, narrow and extra flat solutions.

DILATATION GLUE

Special hot melt glue formula. Floor profile stays strongly fitted but allows the floor to expand and contract.

COLOR SYSTEM

THE MOST UNIVERSAL SYSTEM OF FLOOR PROFILES

CHECK OUR COMPLEMENTARY PRODUCTS

VINYL FLOOR

Vinyl flooring - beautiful and practical, HD Mineral Core vinyl flooring. When creating the collections of vinyl flooring, we strived to make them beautiful like wood, and at the same time practical like ceramic tiles.

At foundation of this product lies a mineral core (HD MINERAL CORE) developed in our laboratory, which is a mixture of natural minerals with modern polymers. We have also taken care of a number of properties thanks to which - we are deeply convinced of it - you will love Arbiton floors.

SKIRTING BOARDS

It is said that the devil is in the details, so pay attention to all - even the smallest - details. They constitute the strength of the whole solution, because nothing dazzles the eyes more than the finish of the arrangement that does not match the general idea or is made in a negligent manner. On the other hand, properly selected details, nuances can completely change the character of the interior design.

When it comes to floors, it is exactly the same, so before you start renovation, you should think about the elements that will ensure a stylish finish of the floor. First of all, you need to pay attention to the skirting boards - without them, any floor, no matter how beautiful, will be average at best.

UNDERLAYS

See how to choose the best support for your floor. The underlays for floor are like a coach - you cannot see him, but he supports the athlete and helps him achieve his full potential.

It works similarly in the world of flooring - a good underlay will make the panels look delightful, while a bad underlay can spoil the whole effect, even if you have the best floor panels on the market. Why there is such a discrepancy? Why is the underlay so important for panels and what to pay attention to when shopping?

All you need to do is be familiar with a few facts, and soon you will be able to judge it yourself.
