

DECORA GROUP

Arbiton
FLOOR EXPERT

Innovation, quality and know-how. Since 1994 we've been investing in knowledge, technology and our machinery park.

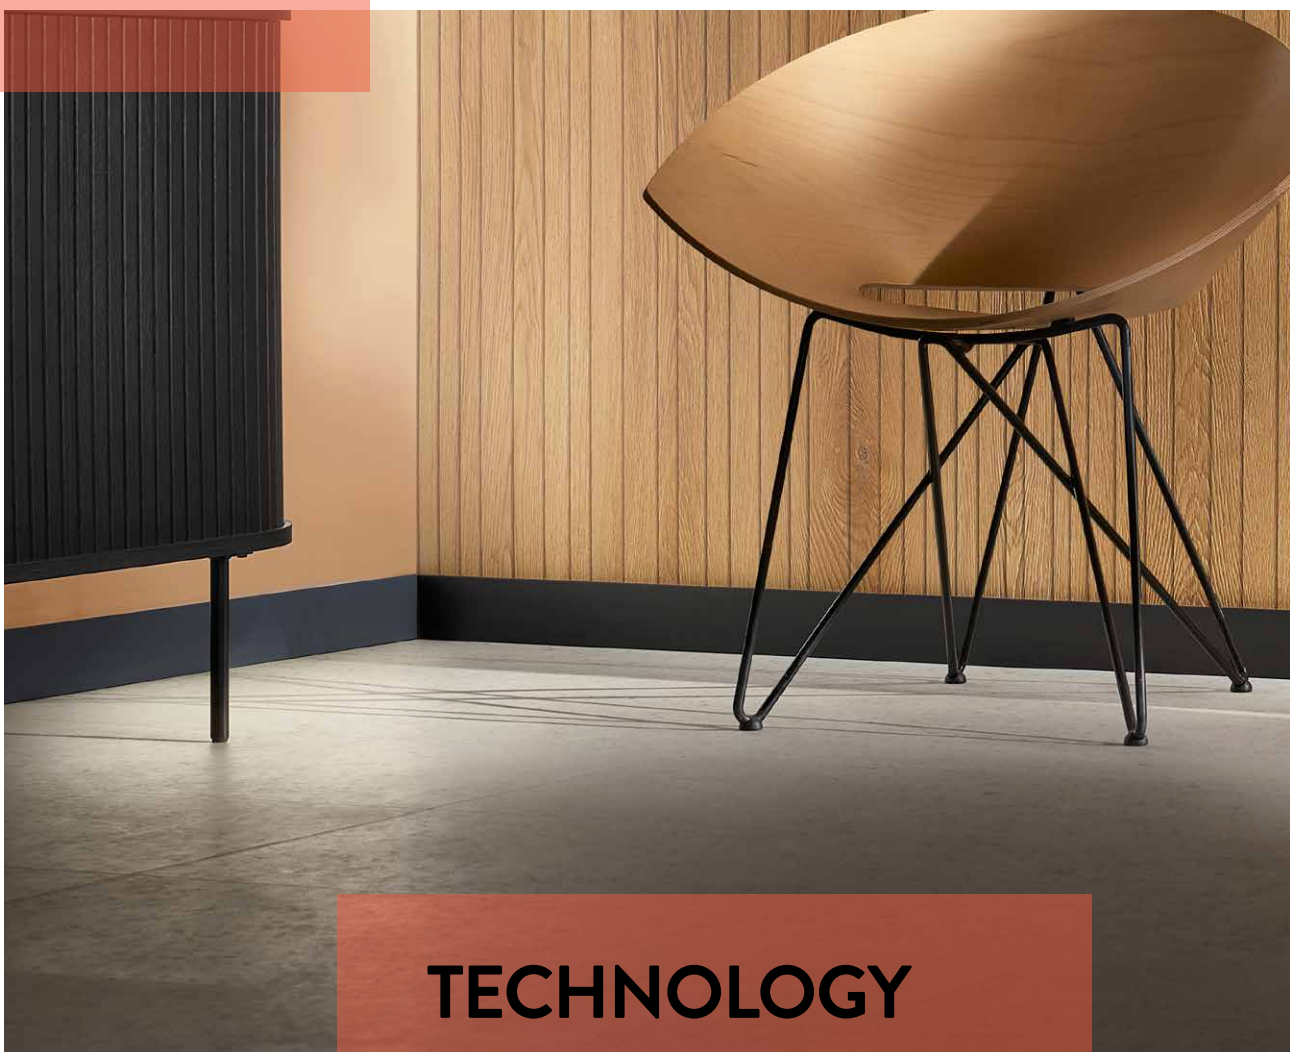

WE **CREATE**
WE **TEST**
WE **PRODUCE**

We aim to become market
LEADER wherever we are
present. We are pushing
forward and strive for
more to deliver accessories
perfectly matched to the
products.

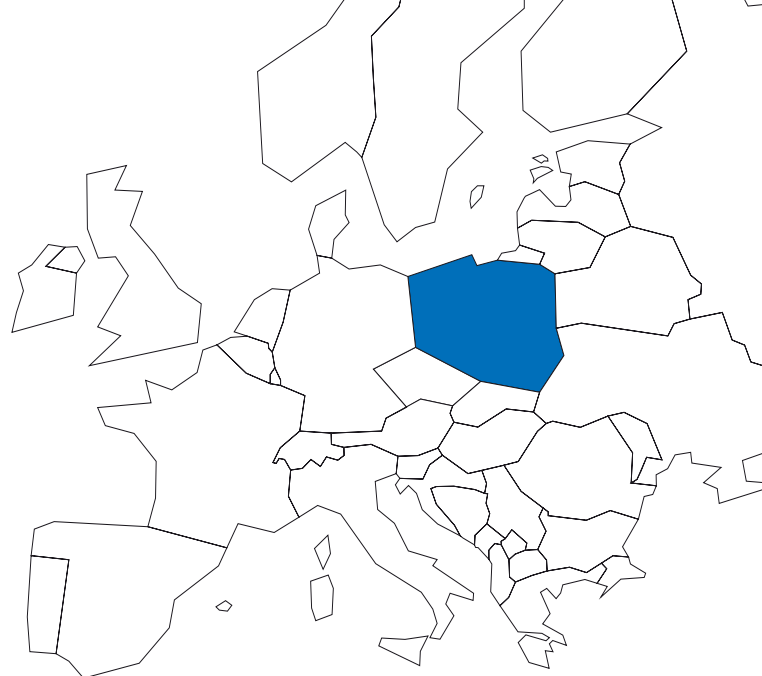

DESIGN

Every year A.DESIGN STUDIO analyzes trends, changes in consumer preferences and hundreds of new floor colors. That's why we can create customer orientated solutions and stay relevant.

TECHNOLOGY

Our inhouse laboratory is testing hundreds of floors from all major manufacturers to improve our accessories and create functional floor system. That's why, we know the strongest and weakest points of all types of floors. We are also testing our underlays to deliver top quality solutions for different floor types.

INNOVATION

We are a European leader for production of floor accessories. Our technological development allows us to offer great portfolio of products in various technologies.

FORTINO

SKIRTING BOARD WITH A POLYMER-MINERAL CORE

A skirting board is not only a practical finishing detail — it is one of the first elements you notice when you look at a well-designed room. FORTINO gives the interior a clean, premium look and creates a perfect connection between the floor and the wall. It hides expansion gaps, protects the lower part of the wall from everyday damage, and makes the whole space look more complete and stylish.

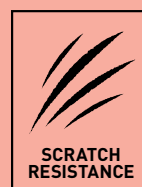

Thanks to its modern, matte finish in on-trend colours, FORTINO fits both minimalist interiors and more classic designs. It adds a calm, elegant frame to the room and highlights the character of the floor — whether it is wood, vinyl, or laminate. The smooth, lacquered surface looks great and is easy to keep clean, so your home always looks fresh and well cared for.

FORTINO is made for real life: it is waterproof, dust-resistant, and highly durable. The high-density polymer-mineral core provides strong impact resistance, while the protective coatings help prevent scratches and keep the skirting board looking new for longer. It is a smart choice for busy homes, hallways, children's rooms, and any space where you want both design and reliability.

ACCESSORIES

FLOOR EXPERT

FORTINO skirting boards are complemented by dedicated accessories designed to ensure a perfect finish. Colour-matched left and right end caps allow for quick and easy installation while providing a clean, elegant end to the skirting board. They improve the overall aesthetics of the interior and eliminate the need for cutting or finishing edges on site.

The accessories can also be used as external corner solutions, offering a practical and visually consistent way to finish corners. This makes installation faster, more precise, and ensures a uniform look throughout the room.

SYMBOLS

100% WATERPROOF

Clean your floor without any risk – non-deforming, water resistant board!

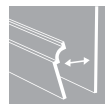

FLEXIBLE

Flexible adaptation to uneven walls.

IMPACT RESISTANT

Highest resistance and stability.

EASY WALL RENOVATION

Possibility of unfixing skirtings in order to paint or hide TV or audio cable (max 230V).

KEEP IT WHITE OR PAINT IT

The board which can be painted. Possibility of fully matching the board colours to the walls of the room.

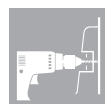

4 WAY SYSTEM

Solid, fast, simple installation and deinstallation, for any type of wall.

WOOD EFFECT

The ideal colour and design match, 100% accurate representation of wooden colors.

EASY INSTALLATION

Wide installation channel provides an easy access for a drill or screwdriver. It makes installation quicker and easier.

MANUAL CUTTING

The possibility of cutting corners with a hand saw.

MITRE SAW

The possibility of cutting corners with a mitre saw.

CLICK OR GLUE

Install the skirting in two ways: glue skirting directly to the wall, or clip - strip easily and remove at any time.

DUST AND DIRT BARRIER

Smooth surface without micropores and harder COEX is perfect for easy cleaning and non adhering dirt and dust.

WOOD STRUCTURE

Structure embossed on the surface, perfectly imitating the real wood.

MODERN DESIGN

Unique shape was created for a modern interiors and its simplicity is an answer even for the most demanding.

JUST GLUE

Glue skirting directly to the wall.

SCRATCH RESISTANCE

Special protective coating increases scratch resistance, helping the skirting boards look new for longer.

CLICK INSTALLATION

Easy click installation with a system rail.

ECO FRIENDLY

The board made of environmentally friendly material.

LACQUER

Lacquered finish for lasting elegance. Ensures a premium look in any interior.

100% PVC FREE

The board made of environmentally friendly material.

DEEP MATT

Thanks to a completely new, multi-step production process, we achieve a deep matt surface.

MDF

Skirting board made from MDF covered with coated paper which increases durability. It's not necessary to paint the skirting board before the first installation.

GLUING CHANNEL

special glue channel to prevent the excess of glue from slipping out.

PATENTED

Our technology is patented

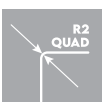

NO SILICONE NEEDED

Integrated rubber edges adapt to uneven surfaces, ensuring a solid, waterproof connection.

The materials awarded this label comply with very stringent health and environmental requirements.

R2 DESIGN = 2mm

The materials awarded this label comply with very stringent health and environmental requirements.

HYBRID TECHNOLOGY

The product that combines the advantages of polymer products, like impact resistance and waterproof with high quality surface of lacquered MDF skirtings.
